TYROLIT

The Tyrolit group

At Tyrolit, our commitment to excellence is reflected in our global team, extensive production capabilities, expansive network, and a diverse product range tailored to meet the needs of various industries.

4.500+
Valued employees

Our team excels at overcoming challenges, establishing themselves as esteemed partners for innovative solutions.

30+
Production sites

With roots in the heart of the Alps and worldwide subsidiaries, we offer customers all the advantages of a globally active family business.

140+
Countries

Tyrolit is represented in 140+ countries and offers technical support, reliable delivery and consistently high quality worldwide.

Nr. 1
in precision & innovation

We are not only professionals in the commercial sector but also experts in precision and construction. Deeply rooted in the industry, we set trends and provide new impulses and are at the forefront of the market.

Sustainability

Tyrolit is committed to sustainability as part of its core values. As a Group, we believe that Corporate Social Responsibility (CSR) and sustainability are critical to our success. We strive to ensure that all our activities have a positive impact on people, the environment and society as a whole.

Developing our Industry

Tyrolit actively contributed to the creation of the SEAM certification, a standard for Sustainable European Abrasive Manufacturer. SEAM certification ensures high standards in quality, safety, and environmental responsibility, helping Tyrolit thrive in a rapidly changing world. Each year, we set six sustainability goals, verified by SEAM, turning sustainability into a business opportunity and competitive advantage.

Always on the Safe Side oSa Founding Member

As an oSa member, we ensure certified quality management, providing our customers with the highest safety and quality standards. Our products bear a globally protected label, guaranteeing compliance with EN safety standards, regular manufacturing controls, and traceability to the manufacturer.

Some examples:

2/3

of the roof area of the headquarters will be used for photovoltaic systems in the next two years.

59%

reduction of CO₂ emissions since 2006 at the headquarter site.

We converted all internal logistics at the Schwaz site to e-trucks as of June 2022.

Quality Lines for all requirements

Our portfolio offers five quality lines to fully meet every customer requirement. The goal is to provide Tyrolit quality across all price ranges and product grades, perfectly equipping DIY enthusiasts, price-sensitive customers and companies with the highest demands alike.

**Did you know?**

With Cerabond X Tyrolit has developed the best cut-off disc in the world.

**CERABOND X**

Outstanding quality. Developed for the toughest materials and most demanding applications.

PREMIUM

Premium quality and performance in the processing of various materials.

STANDARD

The perfect balance between quality and price – reliable tools for everyday use.

BASIC

Functional tools at an attractive price – the economical choice for industry.

ONE

Attractive starter offer for DIY enthusiasts and professional users.

CUTTING

Cut-off wheels

Cutting of various steel materials, nonferrous metals, stone, and other materials.

GRINDING

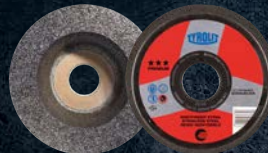

Flap discs

for all grinding tasks. Expect outstanding results on workpieces made of steel, stainless steel, non-ferrous metals and wood.

Resin cup wheels

The first choice when it comes to grinding large and heavy components made of steel, stainless steel or stone. Reduces both noise and vibrations.

Tyrolit Rondeller

Uniting the advantages of various grinding tools for optimal results and effortless handling. Reduces both noise and vibrations.

Rough grinding wheels

High quality grinding wheels for angle grinders and straight grinders used on diverse applications and materials.

Mounted points

Excelling in processing steel, stainless steel, nonferrous metals and PVC.

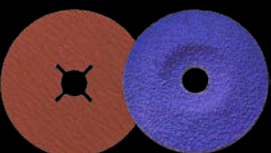

Carbide Burrs

Can be used on hand-held, pneumatic and electric machines as well as on industrial robots and for milling various materials.

Fiber discs

For first class-results on workpieces made of steel, stainless steel, nonferrous metal and wood.

FINISHING | POLISHING

SCM discs and belts

for consistent results when machining steel, stainless steel and nonferrous metals.

Polishing products

Consisting of various discs and pastes that guarantee a perfect mirror finish on metals and nonferrous metals.

Fleece and flap pins

Guarantee optimal contour adaption in any situation. For general grinding applications such as cleaning and finishing as well as for polishing unevenness or curved faces made of steel, non-ferrous metals and wood.

Rolls and sheets

Paper rolls, paper sheets, cloth rolls and cloth sheets are ideal tools for detailed fine finishing of surfaces.

Bristle Brushes

For easy deburring, cleaning, finishing and polishing metal and nonferrous metals.

Compact wheels

Unitized and convolute wheels for deburring and finishing of metal surfaces.

DIAMOND TOOLS

First-class diamond saw blades and diamond wires for the construction trade.

ROUGH CLEANING

Brushes

are generally very versatile and can be used for a wide range of applications such as deburring, cleaning welding seams or the surfaces of virtually any material.

Rough cleaning wheels

Are true all-rounders: they remove rust, paint, lacquer and prepare surfaces for further work steps.

Collaborate for Success: Our winning formula

We firmly believe that business should always be attractive for all concerned. Tyrolit customers benefit in all areas of business from personal and individual support provided by our industry experts. We are committed to providing you with the tools and resources you need to succeed:

1. Supporting you on every channel

At Tyrolit, we understand the importance of accessibility and convenience in today's fast-paced business environment. That's why our sales representatives are your first point of contact, guiding you seamlessly into our comprehensive omnichannel approach. Whether you choose the efficiency of our EDI order system, the convenience of our B2B webshop, personalized sales support, or tailored training from our application engineers, we've got you covered. With Tyrolit, you're always just a click or a call away, ensuring that support and assistance are always within reach.

2. Tailored Training Experience

Our dedicated team of application engineers and training experts go the extra mile, providing on-site training sessions directly at your location. They bring hands-on experience, addressing your specific needs and ensuring a personalized learning journey.

For those seeking flexibility, our online training videos are readily available. Immerse yourself in focused sessions, each dedicated to mastering of our product offerings.

3. Our Expert Marketing Support

Maximize your impact by leveraging our marketing expertise and promotional support to enhance visibility and attract a wider customer base. Elevate your store's ambiance through our product display and merchandising support, creating an inviting and visually appealing shopping experience.

4. Tyrolit – Your Link to End Customers

Tyrolit is committed to helping you connect with end users of abrasives, unlocking fresh avenues for growth. Our representatives can engage with these users directly, highlighting the value of Tyrolit products and seamlessly introducing them to your services.

5. Explore our Download Hub!

At Tyrolit, we offer a range of digital sources designed to keep you informed and empowered. Through our Download Hub you have access to key product details, along with a wealth of photographic and video content. Dive deep into our products and gain valuable insights to make informed decisions for your business.
